DEFEAT FOR RUSSIANS

SOLDIERS OF THE CZAR SAID TO HAVE BEEN REPULSED ON THE YALU RIVER.

AFTER FIGHTING TWO DAYS

JAPANESE FORCES CROSS THE STREAM AND PUT THE RUSSIANS TO FLIGHT.

ANOTHER DISASTER TO JAPS

TWO MORE TRANSPORTS SUNK BY THE RUSSIANS IN VICINITY OF WONSAN.

Shanghai, April 29.—It is reported here that the Russians have suffered a disastrous repulse after two days' fighting on the Yalu river. The Japanese forces crossed the river and the Russians retreated.

Chefoo, April 29.—It is reported here that the Russians Thursday sank two more Japanese transports at Wonsan.

WANTS NO MEDIATION

RUSSIA WILL REFUSE PROPOSALS LOOKING TO A TERMINATION OF THE WAR.

St. Petersburg, April 29.—The Official Messenger publishes a circular issued by the foreign office to Russian representatives abroad declaring categorically that Russia will not accept mediation to terminate the war, which the circular says was forced on her. Neither will Russia, it is declared, allow the intervention of any power whatsoever in the Russo-Japanese negotiations after the war.

WAITING FOR THE JAP FLEET.

Russians Anxious to Try Their Submarine Boats.

Port Arthur, April 29.—One of the submarine boats which were put in commission on April 24 was received in sections at Port Arthur before the war began.

At the first opportunity it is intended that the submarine vessels shall be employed against the heavy ships of the enemy.

ST. PETERSBURG ELATED.

Operations of Vladivostok Squadron Revives Drooping Spirits.

St. Petersburg, April 29.—The operations of the Vladivostok squadron have revived the spirits of the people of St. Petersburg, who have been downcast since the destruction of the Petropavlovsk and the consequent confinement of the remnant of the Port Arthur fleet to the harbor. The fact that the navy is doing something of an offensive character appeals to the popular mind, which has been unable to appreciate the reason for the inactivity of the fine ships of the Vladivostok squadron.

It is generally recognized that Rear Admiral Yezzen cannot do more than frighten the Japanese and compel them to exercise greater care in their military movements, as the sinking of a few transports or even cruisers can have no permanent effect on the result of the war. Moreover, he is bound by his instructions not to risk his ships unduly, the intention being to keep them safe for an attack with the Baltic fleet when it arrives in the Pacific. The possibility of a Japanese attempt to mine the entrance to Vladivostok, as was done at Port Arthur, is considered, but the conditions are different, and, besides, Rear Admiral Yezzen, with the lesson of the Petropavlovsk disaster fresh in his mind, will observe the utmost caution.

LOADED WITH RUMORS.

St. Petersburg Hears Many Stories of Kinshiu Affair.

St. Petersburg, April 29.—St. Petersburg is loaded with rumors regarding the sinking of the Japanese military transport Kinshiu. One report has it that 3,600 men were aboard the transport when she went down, but the admiralty insists that there were only 200. It is said that the czar is highly indignant over the affair and that he will relieve Rear Admiral Yezzen and order him to be court-martialed. This report lacks confirmation in responsible naval circles; where it is reiterated that no other course could be pursued and that the admiral fired only when the Japanese categorically refused to surrender and adopted a hostile attitude.

Officers say that there is no similarity between the sinking of the Kinshiu and the destruction of the Kowshing, which was sunk by the Japanese before the declaration of war with China, as Russia is at war with Japan. That Admiral Yezzen gave the men every opportunity to save the ship is proven by the fact that all the officers, some of the sol-

diers and even the coolies were transferred to a Russian cruiser. The war that hostilities began between China and Japan, July 25, 1894, the Kowshing, a British dispatch boat, which was conveying Chinese troops, was attacked by Japanese warships and sunk off Asan. Many of the troops were killed.

Grand Duke at Irkutsk. Irkutsk, Siberia, April 29.—Grand Duke Cyril has arrived. Prince Khilkoff, minister of railroads, has left for Lake Baikal.

SIGNIFICANT MOVEMENTS.

Japs Begin Vigorous Offensive Operations on the Yalu.

Chefoo, April 29.—News has reached here from an authentic source of significant movements on the Yalu foreshadowing decisive events. The Japanese seem resolved to undertake vigorous offensive action against the Russian forces holding the northern banks of the river. The operations are combined naval and military. The seizure of the island of Samalindo and establishment of several pontoon bridges has been followed by crossing in considerable strength.

Report runs that the Japanese have occupied Chailencheng, on the right bank of the Yalu above Antung. The crossing commenced on April 25. Pontoon bridges were towed across the river by torpedo boats and placed in position under cover of their fire. The Russians' resistance was desperate but brief. Their artillery did little damage and destroyed only one torpedo boat. Japanese infantry, numbering 4,000 or 5,000, crossed with very trifling loss.

On the same day a naval demonstration was made at the mouth of the Yalu. The Japanese admiral Hosoya, commanding the third squadron, ascended the estuary with some gunboats, and came under the fire of a Russian field battery posted nearly opposite Yonkampho, to which the gunboats responded.

The following day a body of Cossacks, about 100 strong, attacked a launch that had ventured too near shore, but was repulsed and fled into the mountains. There is reason to believe that Hosoya's squadron is part of the fleet engaged in conveying and covering an expeditionary force intending to disembark to the west of the Yalu at Tatugkiao and Takushan, taking the Russian line on the Yalu in reverse.

ADOPTS HUMANE RULES.

Japan Doing Her Utmost to Ameliorate Horrors of War.

Washington, April 29.—The advanced position taken by the Japanese in the adoption of humane rules of war is strictly shown in a report to the state department from United States Minister Griscom at Tokio in which he encloses a communication to himself from Baron Komura, the Japanese minister of foreign affairs. The minister shows that Japan is the first country to give full effect the elaborate code of laws governing war laid down by The Hague conference. He announces that there has already been put into operation by the Japanese the rule of war regulating the dispatch of letters, money orders and valuables between prisoners of war and their friends in their own country. The Japanese government also has ordered that such prisoners be supplied free with postal facilities, communications and means of receiving gifts. Also that they be not subjected to any railway charges.

ELUDED JAP VESSELS

VLADIVOSTOK SQUADRON GETS BACK INTO RUSSIAN PORT IN SAFETY.

London, April 29.—The Telegraph's Tokio correspondent asserts that the Russian cruisers slipped past the Japanese squadron during a fog and regained the harbor of Vladivostok.

This is the only additional news that has reached London concerning the Vladivostok squadron. No further details have been received regarding the sinking of the Japanese transport Kinshiu. This incident is much commented on here as proving that the Japanese placed too much confidence in their command of the sea and there is no doubt that it will induce greater vigilance on their part. There is some inclination to criticize harshly the action of Rear Admiral Yezzen, but most of the papers prefer to await particulars of the affair before passing judgment on it.

The report that the Japanese have occupied Kiulencheng, has not been confirmed.

According to the Standard's Tientsin correspondent, the whole country outside the great wall is abnormally flooded and any movement of the land forces is impracticable for the present. A special dispatch from Port Arthur says that the demonstration made by Japanese torpedo boats covered by a Japanese squadron off Port Arthur Thursday morning was for the purpose of creating a scare and inducing the batteries to waste their ammunition, but the Russians refrained from answering the Japanese fire.

A Copenhagen correspondent of the Post says there are rumors that Russia is negotiating for the purchase of the Danish liners Hekla, Norge and Island. It is said that large contracts for Welsh coal are being placed at Cardiff by both Russian and Japanese agents.

OVATION FOR CANNON

GREAT DEMONSTRATION MARKS CLOSING OF SECOND SESSION OF CONGRESS.

RESOLUTION FROM WILLIAMS

TESTIFIES TO IMPARTIALITY AND COURTESY OF THE SPEAKER OF THE HOUSE.

Washington, April 29.—The closing of the second session of the house of the Fifty-eighth congress was made notable by the demonstration which followed the offering of a resolution by Mr. Williams, the minority leader, testifying to the courtesy and impartial manner in which Speaker Cannon has presided over the house. The resolution was not of the perfunctory kind, but was expressive of the kindly feeling which men in the house of all parties entertained toward him. In a graceful speech the speaker declared his appreciation of the resolution.

Mr. Williams following the reading of his resolution, which was punctuated with general applause, said that it was a great thing to be a speaker of the house of commons of the American republic, but that it was a greater thing "not to permit the fact of promotion to that place, one of the most exalted in the world, to turn one's head in the slightest degree or to deflect one from the course hitherto pursued of being a plain American citizen with extraordinary common sense and a remarkable fund of that most characteristic of all American qualities, genial humor."

Mr. Williams then convulsed the house by referring to a conversation he once had with the speaker in the course of which he said:

"Mr. Speaker, I will always think that you are fair, as I believe you will be." The speaker, he said, replied:

Cannon's Frank Reply.

"John, I am going to be as fair as I can consistently with the exigencies of American politics."

Mr. Williams declared that the speaker did himself an injustice, when he put that limitation on his statement, "but," said Mr. Williams, "it was characteristic of the frankness and candor of the man to put in the limitation."

The resolution was adopted amidst great applause and a committee escorted Speaker Cannon into the hall and pandemonium reigned. Mr. Williams read the resolution and Mr. Cannon, visibly affected, made a feeling reply and then declared congress adjourned.

The ovation to the speaker as he brought his gavel down exactly at 2:10 o'clock will be long remembered as one of the greatest demonstrations of regard ever witnessed in the house of representatives. As one man the members rose and sang "America," the occupants of the gallery joining in. The speaker took a position near the lobby door, and the members filed past saying "good bye" all the while singing "For He's a Jolly Good Fellow," with a refrain of "So Say We All of Us."

Many conference reports were agreed to on bills which had been in dispute between the two houses. The only points of differences between the two houses was the bill providing for the reinstatement to the naval academy of three cadets who had been dismissed for hazing, the house voting overwhelmingly against it.

DEVOID OF UNUSUAL INCIDENT.

Senate Closes the Session in Commonplace Manner.

Washington, April 29.—With brief announcement and a sharp rap of his well worked gavel, President Pro Tem Frye adjourned the senate sine die at 2 p. m. Thursday, the hour fixed by resolution of the two houses of congress. The occurrence was devoid of unusual incident and the final close of the session was but slightly different from the end of an ordinary day's sitting. Neither rush nor confusion marked the end.

The senate began its day's work at 10:30 a. m. but the greater part of the time was devoted to a political debate, participated in on the Republican side by Messrs. Allison and Aldrich and on the Democratic side by Messrs. Gorman and Culberson. The discussion was based on a statement by Mr. Allison of the appropriations for this year and for the administration of President Roosevelt with those of other administrations.

The president and his cabinet occupied the president's capital office room during a part of the debate and some of the president's advisors were among the most interested listeners to the criticism and defense of their chief. Mrs. Roosevelt and other members of the president's family occupied seats in the gallery, and they, too, found entertainment in the proceedings.

The only important acts of legislation during the day were the presentation and acceptance of conference reports on the Panama canal government and emergency river and harbor bills. Neither report aroused debate.

MAYOR LEADS RAIDERS.

Iowa Official Uses a Gun to Capture Alleged Gamblers.

Council Bluffs, Ia., April 29.—Mayor McCrea, elected at the recent city election, Thursday raided a number of places where gambling was said to be going on and caused the arrest of fourteen inmates. At one place known as the Manhattan the mayor appeared without warning. The inmates attempted to escape, but the mayor placed his back against the door and drew a revolver, ordering them to submit to arrest. A patrol wagon took them all together with the fixtures and furniture of the place, to the police station.

MEETS A HORRIBLE DEATH.

Minnesota Man Falls into a Vat of Boiling Lard.

St. Paul, April 29.—Andrew Reitz, a vat skimmer at Swift & Co.'s packing house, South St. Paul, fell into a vat of scalding lard Thursday and was so badly burned that he died last evening at 7 o'clock in terrible agony. Reitz was standing on the edge of the vat when he lost his balance and fell into the boiling mass head foremost. His frantic screams brought the other employees to his assistance, but the unfortunate man was terribly scalded before he was rescued.

AGREEMENT ON WAGES.

The men will get \$45 per month until Oct. 1, and \$65 per month for the balance of the season. This is a slight cut compared with last year's wages.

BEST SHIP OF HER CLASS.

New Armored Cruiser California Is Launched at San Francisco.

San Francisco, April 29.—The armored cruiser California was launched during the day at the shipyards of the Union Iron works in this city.

The cruiser California is supposed to embody the latest and best in vessels of her class. She will cost, complete, \$5,000,000, her hull and machinery costing \$3,800,000 of that sum and her equipment and armament the remainder.

HITCHCOCK IS OBDURATE.

Refuses to Alter His Opinion of Minnesota Swamp Lands.

Washington, April 29.—A letter of protest which J. Adam Bede has sent to Secretary Hitchcock ends the incident of the department's ruling in regard to settlers on Minnesota swamp lands, which are to be regarded swamp in spite of evidence that they are dry and tillable. Mr. Bede says the ruling is a great hardship to settlers; but the secretary differs and will not alter his opinion.

GRAIN RATE WAR CONTINUES.

TIES UP THE SHIPPING

LAKE CARRIERS' ASSOCIATION AND EMPLOYEES THEREOF AT LOGGERHEADS.

DEMANDS OF MEN REFUSED

EMPLOYERS DECLINE TO PAY FOR SERVICES THAT ARE NOT RENDERED.

Cleveland, O., April 29.—At a meeting of the Lake Carriers' association Thursday at which were present all the line managers from Buffalo and all the principal owners from Duluth to Buffalo inclusive, the executive committee of the Lake Carriers' association submitted its report of the two conferences lasting three days which they had with the advisory board of the Masters and Pilots' association. The report is as follows:

The Masters and Pilots' association insisted that each master should have nine months' pay whether he worked the whole nine months or only one month, regardless of whether he had been employed at any other vocation during the period that the boat was not in commission, and any master not notified prior to Jan. 15 that his services would not be required, would consider himself engaged for the ensuing season in the same line and on the same boat, and could not be changed or transferred unless he was given a better boat. Also that

No Master Could Be Discharged

for cause without it being referred to the arbitration board to be selected from the owners or agents and the directors of the Masters and Pilots' association. Yet the master reserved the right to discharge all of the men under his jurisdiction and control aboard the boat with or without cause as he may elect.

As there was no question of wages involved while the boats were in commission the members present at the meeting unanimously voted that they would not pay for services not rendered; and further that as the masters were the direct representatives of the owners of the vessel and responsible to their owner for its operation they must reserve to themselves the right to hire the masters and discharge them for incompetency or when his services were not satisfactory to them.

The meeting instructed the executive committee to refuse to entertain the proposition as submitted and to so notify the advisory board of the Masters and Pilots' association.

The situation now is that the two Great Lake interests, employers and employees, are deadlocked over the questions embodied in the above statement. No further conference has been arranged and until a settlement is reached lake shipping remains at a standstill.

EXPENDITURES OF CONGRESS.

Republican and Democratic Views Presented to House.

Washington, April 29.—The Republican and the Democratic view of appropriations made thus far by the Fifty-eighth congress were presented to the house during the day by Chairman Hemenway of the appropriations committee and Representative Livingston of Georgia, the ranking Democratic member of that committee.

After reviewing the expenditures for the next fiscal year Mr. Hemenway concludes: "The expenditures of our government in their aggregate, as exhibited by the appropriations of congress, are large and by unthinking persons and especially by misguided newspapers are denounced as extravagant and yet, according to statistics, our national government is the most economically administered of any in the civilized world."

The total appropriations made by this congress aggregate, according to Mr. Hemenway, \$781,574,629. Of this sum \$26,801,813 was to pay deficiencies for prior fiscal years and \$56,500,000 is set aside for application to the sinking fund. This leaves the total appropriation for the expenses of the government for the year 1905 \$698,272,786.

Mr. Livingston's statement compared the appropriations of the present congress with the last two years under Democratic rule, which showed an increase of more than \$200,000,000 in annual expenditures.

Seattle, April 29.—The steamer Kinshiu, the Japanese transport sunk on April 26 by the Vladivostok fleet of the Russian navy, has been many times in this port. Until 1902 she was one of the Nippon Yusen Kaisha's Seattle fleet and as such made twenty-three round trip voyages.

Peculiar Highland Remedies.
A popular highland remedy for both consumption and general debility was what is known as suth nan cabar ("the juice of deer's horns"). These were gathered in the hills when the animals cast them in the springtime. They were boiled for some hours and the juice thus obtained bottled, after being strained. Candy sugar and whisky are usually added to it now-days. Crabs' shells pulverized and eaten on bread and butter were used for consumption, asthma and whooping cough in the Hebrides.—Caledonian Medical Journal.

The settlement of the unoccupied land in Minnesota will be the purpose of the convention which is held under the auspices of the St. Paul, Minneapolis and Duluth Commercial clubs.
There has been some discussion toward making the convention a North-western affair, looking to the settlement of North Dakota and Montana, as well as of Minnesota. The Immigration committee of the St. Paul Commercial club, however, decided to restrict the convention to the original plan of a Minnesota convention to promote the settlement of Minnesota lands.
The committee expressed the belief that there is a large amount of unoccupied land in Minnesota, near good markets, that should be cultivated. The twin cities and Duluth and the Iron range, which must import all its food, offer a market for food stuffs, the committee believes, such as is found in no other state of the northwest.
The advantages Minnesota offers the settler will be brought out in the addresses at the convention, which will be printed in pamphlet form for distribution to prospective settlers. A permanent organization will be formed to continue the work of exploiting Minnesota's resources, and inducing farmers to settle in this state instead of going farther away from the home markets.

KNOWS MI-O-NA WILL CURE
H. P. Dunn & Co. Have Such Faith in this Great Dyspepsia Remedy that They Guarantee it.
It is an unusual thing for a druggist to sell a medicine under a guarantee to refund the money if it does not cure. Yet this is the way H. P. Dunn & Co., the popular druggists, are selling Mi-o-na, the standard dyspepsia remedy.
Never before have they had so large a number of customers tell them that a medicine has cured as with Mi-o-na. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health, solely due to the use of this remedy.
There is no longer any need of anyone suffering or making their friends suffer on account of dyspepsia, for Mi-o-na can be relied upon to cure. The percentage of cures is so nearly one hundred per cent that there is little risk to H. P. Dunn & Co. in guaranteeing to return the money if the medicine does not cure, and they stand ready to do so without any questions.
Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears and all forms of liver troubles are cured by Mi-o-na, price 50c. A few days' treatment shows considerable gain in health and a cure speedily follows.
These days are the best in the whole year for the enjoyment of good health, and Mi-o-na will put you in such perfect condition that you can enjoy every minute of them.

Peculiar Highland Remedies.
A popular highland remedy for both consumption and general debility was what is known as suth nan cabar ("the juice of deer's horns"). These were gathered in the hills when the animals cast them in the springtime. They were boiled for some hours and the juice thus obtained bottled, after being strained. Candy sugar and whisky are usually added to it now-days. Crabs' shells pulverized and eaten on bread and butter were used for consumption, asthma and whooping cough in the Hebrides.—Caledonian Medical Journal.

NAMES COMMITTEE

To go to the Minnesota State Immigration Association Convention to be Convened in June

There will be a rare convention at St. Paul on June 14 and 15 when the convention of the State Immigration association will be held. Mayor A. J. Halsted, of this city, was authorized to name a committee of twelve men from Brainerd to be present at the meeting and he has done so. The following are the names: J. N. Nevers, Dr. Werner Hemstead, J. H. Koop, J. S. Gardner, Ed Crust, Dr. J. L. Camp, J. M. Elder, Con O'Brien, S. R. Adair, C. D. Johnson, G. D. LaBar and M. K. Swartz.

AN IMPORTANT
AMENDMENT

General Meeting of Fire Department Results in Change in System of Service

DIFFERENT RULE INAUGURATED

Each Company Will Take Care of Fires in Its Respective Ward or District.

There was an important meeting of the Brainerd fire department last night. The meeting was called for the purpose of discussing a plan to amend the constitution and by-laws relating to service in times of fire. Heretofore when an alarm was given the entire department would get out and go to the fire, but the amendment to the constitution, which was unanimously passed last night, will provide that each company will take care of the fires in its respective ward, in so far as it is within the company's power to do so. In the event the conflagration is likely to result disastrously the chief will be given the authority to call out the company which he thinks will do the greatest good, and if necessary he may call out the entire department.

This plan is on the same basis as departments in larger cities are run on and it is thought it will better systemize matters in Brainerd.

E. M. WESTFALL IN BUSINESS

Boys Half Interest in a Large and Well Paying Real Estate Firm at Pasadena, California.

Keene & McFadden have a letter from E. M. Westfall, formerly of this city, who is now located at Pasadena, in which he states that he has bought half interest in the real estate business known there as Robert I. Pierce & Co. A part of his letter reads as follows: "Have bought half interest in this office and it is an old established business. The gentleman representing the company had to retire on account of poor health. We have a fine list of properties, from a cheap city lot to a \$50,000 residence. Which will you take? Notify me in advance and I will reserve it for you. We are now nicely settled in our new home and I am more content and satisfied than I ever was in my life and like it better here every day. My wife's mother is with us, consequently she is happy. Wish all of you were located here."

BREATHE HEALING AIR

Hyomei Destroys Germs of Catarrh and Cures the Disease—Money Back If It Fails.

No other treatment for catarrhal troubles is as pleasant and convenient to use as Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes with every outfit, and then breathe it for a few minutes four times a day, and it will cure the worst case of catarrh. In this way, one takes into the air passages of the head, throat and lungs air that is filled with balsamic healing and antiseptic fragrance. It goes to the most remote parts of the air passages, destroys all catarrhal germs, and enriches and purifies the blood with additional ozone.

The first day's use of Hyomei will show a decided improvement, and in a short time there will be no further trouble with catarrh. Its good effects are quickly gained, and the benefit is permanent.

You take no risk in buying Hyomei. The complete outfit costs but one dollar and if after using you can say that it did not give satisfaction, H. P. Dunn & Co. will return your money. You have the promise of one of the most reliable drug firms in this section, that Hyomei will cost you absolutely nothing, if you can say "It did not help." You are to use it entirely at their risk, with the understanding that your money will be returned without question or argument, if you are not satisfied with Hyomei.

Grippe kills millions yearly. People lack blood and vital force. Take a body builder, strength producing remedy like Hollister's Rocky Mountain Tea and throw off diseases. 35 cents, tea or tablet form. H. P. Dunn & Co.

MAY PLAY BALL SOON

Boys Interested in a Local Team Will Meet Tonight at Base Ball Park for Practice.

There will be a practice game of base ball this evening at the Brainerd Athletic park when the boys will line up for the first time this year. They have not definitely decided upon a lineup yet but it will probably be about the same as last year. It is understood that they have a game for Sunday with Verndale and they will get out tonight and do some practicing for this game. Capt. Roderick states that they have some good material locally and they also expect to import one or two good players.

CHOUNARD TO BE SENTENCED TODAY

It is Generally Thought Here That the Sentence Will Be Hanging

THERE IS NO ALTERNATIVE

Unless the Court Would File His Opinion of Record in the Matter

Attorney A. T. Larson left for Walker this afternoon to be present when Judge Spooner will pass sentence on W. Chounard. The convicted man's attorney did not state whether he would move for a new trial or whether he would ask for a stay of sentence. It is generally thought here that Chounard will hang.

The court is said to have made remarks to the jury after the verdict was returned which would indicate that he did not intend to interfere with the law, but on the other hand allow it to take its course. In order to save Chounard from the gallows it would be necessary for him to file his opinion of record that there were some exceptional circumstances. In any event the least that Chounard can draw is life imprisonment.

A jury was secured Wednesday evening in the murder case of the state against Nikolai Hall, charged with killing Richard Sanger, of Brainerd, in a logging camp near Cross Lake and the trial was taken up yesterday morning. County Attorney DeLury is conducting the prosecution and Attorney E. A. Kling, of Little Falls, appears for the defendant. Most of the jury are farmers from the south and western part of the county.

Don't fail to see "The Mikado" to night. The prices are only 25, 35 and 50 cents.

FATHER AGAINST SON

Young Charles Parson Brought into Police Court Charged With Assaulting His Father--Father Weakened.

It is ever the same old story. Incensed for a moment at the abuses of his young son who has not yet reached his majority, John Parson made complaint against Charles Parson, charging him with assault, but when the case was called the father did not wish to push the suit and the matter was squared up by young parson pleading guilty of assault and paying a fine of \$3. This is about the fourth or fifth time this lad has been in police court and the police are very much annoyed.

BRAINERD TO BE REPRESENTED

Patek and Dr. Walter Courtney. Brainerd made a very good showing last year and the year before and it is expected that the gentlemen will come home with fresh laurels this year.

UNCLE TOM'S CABIN.

One of the stage stories that will ever remain strong and true to theatre-goers is "Uncle Tom's Cabin," a fine production of which, under the able management of Mr. Washburn, will be given at the Brainerd opera house next Tuesday night, May 3, when everyone who has the opportunity of witnessing this perennial favorite will acclaim it as one of the best presented by any company. Time, effort and expense have not been spared in its staging or selection of cast and the minutest detail has been carefully considered. There is no story of book or stage that so delights the juvenile mind and it is to be hoped that every boy and girl may have their wish to see it gratified. Watch for the big free street parade.

THE BACHELOR MAID'S MINSTRELS.

One week from tonight the Bachelor Maids will be seen at the Brainerd opera house in their great lady minstrel performance and the event promises to be one of the most delightfully agreeable in the line of amateur performances that has been seen in Brainerd. The ladies are putting in some very hard work and there should be a crowd out to hear them. They have sold a large number of tickets and expect to sell a great many more before the night of the performance. They have some very clever stunts in the second part and some happy surprises. The first part will consist of the usual number of solos etc and the second part will consist of turns of different kinds, including a turn or two by ladies who will imitate or take the role of gentlemen for the time being.

ANOTHER FIRE THIS MORNING

House Belonging to Ed Cullen, East Brainerd, Destroyed by Fire at an Early Hour this Morning

This morning about 3:30 o'clock a fire alarm was turned in from the Third ward and Hose company No. 3 quickly responded, and succeeded in doing considerable effective work. The fire started from a small oil stove being used in connection with an incubator. Ed Scallon and family occupied the house but they succeeded in getting nearly everything out. He had no insurance and his loss from water, smoke and breakage will amount to considerable. Mr. Cullen had \$700 insurance on the house. Chief Bennett called out No. 1 but the fire had been controlled by this time.

AN IMPORTANT AMENDMENT

General Meeting of Fire Department Results in Change in System of Service

DIFFERENT RULE INAUGURATED

Each Company Will Take Care of Fires in Its Respective Ward or District.

There was an important meeting of the Brainerd fire department last night. The meeting was called for the purpose of discussing a plan to amend the constitution and by-laws relating to service in times of fire. Heretofore when an alarm was given the entire department would get out and go to the fire, but the amendment to the constitution, which was unanimously passed last night, will provide that each company will take care of the fires in its respective ward, in so far as it is within the company's power to do so. In the event the conflagration is likely to result disastrously the chief will be given the authority to call out the company which he thinks will do the greatest good, and if necessary he may call out the entire department.

This plan is on the same basis as departments in larger cities are run on and it is thought it will better systemize matters in Brainerd.

E. M. WESTFALL IN BUSINESS

Buys Half Interest in a Large and Well Paying Real Estate Firm at Pasadena, California.

Keene & McFadden have a letter from E. M. Westfall, formerly of this city, who is now located at Pasadena, in which he states that he has bought half interest in the real estate business known there as Robert L. Pierce & Co. A part of this letter reads as follows: "Have bought half interest in this office and it is an old established business. The gentleman representing the company had to retire on account of poor health. We have a fine list of properties, from a cheap city lot to a \$50,000 residence. Which will you take? Notify me in advance and I will reserve it for you. We are now nicely settled in our new home and I am more content and satisfied than I ever was in my life and like it better here every day. My wife's mother is with us, consequently she is happy. Wish all of you were located here."

Hollister's Rocky Mountain Tea cures more Spring disorders than any other known remedy. It positively makes you well and keeps you well. 35 cents tea or tablet form. H. P. Dunn & Co.

BREATHE HEALING AIR

Hyomei Destroys Germs of Catarrh and Cures the Disease--Money Back If It Fails.

No other treatment for catarrhal troubles is as pleasant and convenient to use as Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes with every outfit, and then breathe it for a few minutes four times a day, and it will cure the worst case of catarrh. In this way, one takes into the air passages of the head, throat and lungs air that is filled with balsamic healing and antiseptic fragrance. It goes to the most remote parts of the air passages, destroys all catarrhal germs, and enriches and purifies the blood with additional ozone.

The first day's use of Hyomei will show a decided improvement, and in a short time there will be no further trouble with catarrh. Its good effects are quickly gained, and the benefit is permanent.

You take no risk in buying Hyomei. The complete outfit costs but one dollar and if after using you can say that it did not give satisfaction, H. P. Dunn & Co. will return your money. You have the promise of one of the most reliable drug firms in this section, that Hyomei will cost you absolutely nothing, if you can say "It did not help." You are to use it entirely at their risk, with the understanding that your money will be returned without question or argument, if you are not satisfied with Hyomei.

Grippe kills millions yearly. People lack blood and vital force. Take a body builder, strength producing remedy like Hollister's Rocky Mountain Tea and throw off diseases. 35 cents, tea or tablet form. H. P. Dunn & Co.

MAY PLAY BALL SOON

Boys Interested in a Local Team Will Meet Tonight at Base Ball Park for Practice.

There will be a practice game of base ball this evening at the Brainerd Athletic park when the boys will line up for the first time this year. They have not definitely decided upon a lineup yet but it will probably be about the same as last year. It is understood that they have a game for Sunday with Verndale and they will get out tonight and do some practicing for this game. Capt. Roderick states that they have some good material locally and they also expect to import one or two good players.

Shade Tree Planting.

I have a large number of shade trees which I will put out cheap for cash. Box elder, maple, elm and mountain ash. OAK LAWN NURSERY, Tel. 132-J2. 2810

Gilbert and Sullivan's sparkling opera, "The Mikado," will be presented at the Brainerd opera house tonight by "The Beggar Prince" comic opera company. This is probably the brightest of all the light operas and should attract a very large audience.

CHOUNARD TO BE SENTENCED TODAY

It is Generally Thought Here That the Sentence Will Be Hanging

THERE IS NO ALTERNATIVE

Unless the Court Would File His Opinion of Record in the Matter

Attorney A. T. Larson left for Walker this afternoon to be present when Judge Spooner will pass sentence on W. Chounard. The convicted man's attorney did not state whether he would move for a new trial or whether he would ask for a stay of sentence. It is generally thought here that Chounard will hang.

The court is said to have made remarks to the jury after the verdict was returned which would indicate that he did not intend to interfere with the law, but on the other hand allow it to take its course. In order to save Chounard from the gallows it would be necessary for him to file his opinion of record that there were some exceptional circumstances. In any event the least that Chounard can draw is life imprisonment.

A jury was secured Wednesday evening in the murder case of the state against Nikolai Hall, charged with killing Richard Sanger, of Brainerd, in a logging camp near Cross Lake and the trial was taken up yesterday morning. County Attorney DeLury is conducting the prosecution and Attorney E. A. Kling, of Little Falls, appears for the defendant. Most of the jury are farmers from the south and western part of the county.

Don't fail to see "The Mikado" tonight. The prices are only 25, 35 and 50 cents.

FATHER AGAINST SON

Young Charles Parson Brought into Police Court Charged With Assaulting His Father--Father Weakened.

It is ever the same old story. Incensed for a moment at the abuses of his young son who has not yet reached his majority, John Parson made complaint against Charles Parson, charging him with assault, but when the case was called the father did not wish to push the suit and the matter was squared up by young parson pleading guilty of assault and paying a fine of \$3. This is about the fourth or fifth time this lad has been in police court and the police are very much annoyed.

BRAINERD TO BE REPRESENTED

A Team to Go to the Annual Tournament of the Red River Valley Whist Club on May 5 and 6.

The annual tournament of the Red River Valley Whist club will be held at Mayville, N. D., on May 5 and 6, and Brainerd will be represented by a good team, Messrs. F. A. Farrar, H. L. Jones, C. M. Patek and Dr. Walter Courtney. Brainerd made a very good showing last year and the year before and it is expected that the gentlemen will come home with fresh laurels this year.

A Florida Sporting Carnival.
Florida is preparing for a solid season of carnival next winter, automobile racing and automobile boat racing. The latest project assumed by Florida parties is the proposed automobile boat race to take place upon Lake Worth, near Palm Beach, Fla., immediately following the automobile meet at Orlando. A. D. Proctor Smith, Howard Gould and Fred Sterry have each donated a \$1,000 trophy to be awarded for automobile boat racing. Other trophies are certain to be given, and the meet on the placid Lake Worth waters will add materially to the interest in Florida next season. Nor is this to be the only auto boat race, for the Florida East Coast Automobile association proposes to promote in connection with the automobile meet a series of races on the Halifax river.

Promising Governor Crane.
Howard Willets of White Plains, N. Y., has bought from Daniel W. Maloney the fast two-year-old colt Governor Crane, by Bingen, 2:09 1/4, dam Nowaday, 2:14 1/4.

Governor Crane is a solid bay of great substance, although not large at the age. His sire was, next to Arion, 2:10 1/4, the fastest two-year-old ever to show in public, as his trial at Portland, Me., one afternoon in 2:12 1/4 demonstrated. Nowaday took a record of 2:17 1/4 early in life and lowered it to 2:14 1/4, then was retired. The mating of such a sire and dam was indeed a happy one, and few could possibly find a flaw in Governor Crane's makeup, gait or spirit. He is a trotter of the good old fashioned sort and sticks to it whenever brushed, seemingly knowing no other gait.

Minister to Santo Domingo.
Washington, April 29.—President Roosevelt has appointed Thomas C. Dawson of Iowa, at present secretary of the United States legation at Rio Janeiro, Brazil, as United States minister to Santo Domingo.

Negro Robber Drowned.
Evansville, Ind., April 27.—Tuesday a negro who was being pursued by a posse that believed him to be the one who assaulted and robbed Mrs. Maria Brandis and her daughter last Saturday night, jumped into Barr creek and was drowned. He was afterward identified as the robber.

CAUSED GREAT EXCITEMENT.
Statement That British Volunteer Force was to Be Reduced.
London, April 29.—At a meeting of the volunteer yeomanry committees in the house of commons last night it was said that Arnold Forster, secretary of war, under his new scheme of army reform, intends to reduce the volunteer force by 80,000, the militia by 64 battalions and the yeomanry by 120 men to the battalion.

The meeting resolved to send a deputation to Premier Balfour to protest against this proposed reduction.

It is believed that the statement that reductions are to be made in the auxiliary forces is greatly exaggerated, though it is thought possible that some smaller reductions may be contemplated. The statement caused great excitement.

WITHDRAW THEIR OBJECTIONS.
Iron Miners at Ely, Minn., Will Work Under Trezona.
Duluth, April 29.—At a meeting of the 650 striking miners at the Chandler and Pioneer iron mines at Ely Thursday, it was decided to withdraw all objections to Superintendent Charles Trezona and return to work.

The men walked out in a body one week ago, claiming they could no longer work under Trezona, whom they characterized as brutal in his conduct towards them. The mines, which have been closed since the strike, it is expected, will be reopened today with Trezona in charge of the Chandler property, as heretofore. The strike at the Pioneer was one of sympathy only.

WILL MEET AT MINNEAPOLIS.
Woman's Baptist Missionary Society of the West Adjourns.
Omaha, April 29.—The Woman's Baptist Missionary Society of the West closed its thirty-third annual session last night after electing officers and selecting Minneapolis as the place of meeting next year. President Mrs. John Edwin Scott and all the other officers were elected with one exception. The society decided to increase its effort to secure larger number of active workers for the foreign field and to raise an additional \$50,000 for their support.

St. Louis Workman Suicides.
St. Louis, April 29.—After writing a note announcing that fellow workmen had been unkind to him, August Lothe committed suicide by drowning in a lagoon in Hyde Park. The water is only eighteen inches deep and Lothe was found lying on the bottom with his face under water.

Sentenced for Pawning Necklace.
Paris, April 29.—Ernest Delinge, late secretary of Don Jaime de Bourbon, son of Don Carlos, pretender to the Spanish throne, was sentenced Thursday to ten months' imprisonment for pawning for \$6,000 the famous jeweled necklace of Marie Antoinette, which descended to Don Jaime.

TELEGRAPHIC BREVITIES.
President Loubet arrived at Naples Thursday from Rome and was given a reception equalling in enthusiasm that accorded him in the Eternal City.

The members of the Isthmian canal commission have returned to Washington from a tour of the Panama canal property on the Isthmus and will meet next week.

Edward Williams, a colored man, died Thursday at the St. Paul city hospital from the effects of an overdose of laudanum, taken to relieve throat trouble.

The police Thursday stopped the fight between Jack O'Brien of Philadelphia and Kid Carter of Brooklyn in the third round of a scheduled fifteen-round bout at St. Louis. Carter was about out.

Erasing Tattoo Marks.
Many persons who desire to get rid of india ink marks on the skin will be interested in the method recommended by a correspondent in a contemporary. He says: "After making the site of operation aseptic (betadine or antem), using the following solution: Chloride of zinc, thirty grams; sterilized water, forty grams. At the time of operation the tattooing becomes rather pale, and the needle pricks appear surrounded with white. At the border of the tattooed surface a raised white edge forms, caused by the raising of the epidermis, and the neighboring parts become slightly reddened. This, however, soon disappears, and with proper attention to cleanliness there is no intense reaction. In a day or two after the operation the tattooing becomes darker, the white areola becomes yellowish, and a crusty, superficial eschar forms, which separates on the fifth to the tenth day. It is not in any way painful, and the results, remote as well as immediate, are excellent."

CRUM TO STAY IN OFFICE.
President Roosevelt Directs His Reappointment.

Washington, April 29.—President Roosevelt Thursday directed the reappointment of W. D. Crum as collector of customs at Charleston, S. C. The president has received assurance that the senate will take up Crum's case immediately on reconvening next session and that it will be disposed of finally. Until he is confirmed Crum cannot draw any salary, but it is said that his friends have arranged to see that he is provided with ample funds. Should he be confirmed, the government, of course, will pay him the back salary.

Senator Allison has announced that the Crum case will be pressed to a conclusion regardless of other business.

A Powerful Auto Boat.
There is being constructed in Italy an automobile boat with three engines of sixty horsepower each, driving the boat through one shaft. This launch is expected to generate 200 horsepower. It is designed for use in the great regatta at Monte Carlo, after which it will be shipped to America, in all probability for use in the racing here.

A Florida Sporting Carnival.

Florida is preparing for a solid season of carnival next winter, automobile racing and automobile boat racing. The latest project assumed by Florida parties is the proposed automobile boat race to take place upon Lake Worth, near Palm Beach, Fla., immediately following the automobile meet at Ormond. A. D. Proctor Smith, Howard Gould and Fred Sterry have each donated a \$1,000 trophy to be awarded for automobile boat racing. Other trophies are certain to be given, and the meet on the placid Lake Worth waters will add materially to the interest in Florida next season. Nor is this to be the only auto boat race, for the Florida East Coast Automobile association proposes to promote in connection with the automobile meet a series of races on the Halifax river.

Promising Governor Crane.

Howard Willets of White Plains, N. Y., has bought from Daniel W. Maloney the fast two-year-old colt Governor Crane, by Bingen, 2:06 1/4, dam Nowaday, 2:14 1/4.

Governor Crane is a solid bay of great substance, although not large at the age. His sire was, next to Arion, 2:10 1/4, the fastest two-year-old ever to show in public, as his trial at Portland, Me., one afternoon in 1912, demonstrated. Nowaday took a record of 2:17 1/4 early in life and lowered it to 2:14 1/4, such a sire and dam was indeed a happy one, and few could possibly find a flaw in Governor Crane's makeup, gait or shape. He is a trotter of the good old fashioned sort and sticks to it whenever brushed, seemingly knowing no other gait.

Washington, April 29.—President Roosevelt has appointed Thomas C. Dawson of Iowa, at present secretary of the United States legation at Rio Janeiro, Brazil, as United States minister to Santo Domingo.

Negro Robber Drowned.

Evansville, Ind., April 27.—Tuesday a negro who was being pursued by a posse that believed him to be the one who assaulted and robbed Mrs. Maria Brandis and her daughter last Saturday night, jumped into Barr creek and was drowned. He was afterward identified as the robber.

CAUSED GREAT EXCITEMENT.

Statement That British Volunteer Force Was to Be Reduced.

London, April 29.—At a meeting of the volunteer yeomanry committee in the house of commons last night it was said that Arnold Forster, secretary of war, under his new scheme of army reform, intends to reduce the volunteer force by 80,000, the militia by 64 battalions and the yeomanry by 120 men to the battalion.

The meeting resolved to send a deputation to Premier Balfour to protest against this proposed reduction.

It is believed that the statement that reductions are to be made in the auxiliary forces is greatly exaggerated, though it is thought possible that some smaller reductions may be contemplated. The statement caused great excitement.

WITHDRAW THEIR OBJECTIONS.

Iron Miners at Ely, Minn., Will Work Under Trezona.

Duluth, April 29.—At a meeting of the 650 striking miners at the Chandler and Pioneer iron mines at Ely Thursday, it was decided to withdraw all objections to Superintendent Charles Trezona and return to work.

The men walked out in a body one week ago, claiming they could no longer work under Trezona, whom they characterized as brutal in his conduct towards them. The mines, which have been closed since the strike, it is expected, will be reopened today with Trezona in charge of the Chandler property, as heretofore. The strike at the Pioneer was one of sympathy only.

President Mrs. John Edwin Scott and all the other officers were elected with one exception. The society decided to increase its effort to secure larger number of active workers for the foreign field and to raise an additional \$50,000 for their support.

Erasing Tattoo Marks.

Many persons who desire to get rid of India ink marks on the skin will be interested in the method recommended by a correspondent in a contemporary. He says: "After making the site of operation aseptic retattoo the part with needles (secundum artem), using the following solution: Chloride of zinc, thirty grams; sterilized water, forty grams. At the time of operation the tattooing becomes rather pale, and the needle pricks appear surrounded with white. At the border of the tattooed surface a raised white edge forms, caused by the raising of the epidermis, and the neighboring parts become slightly reddened. This, however, soon disappears, and with proper attention to cleanliness there is no intense reaction. In a day or two after the operation the tattooing becomes darker, the white areola becomes yellowish, and a crusty, superficial eschar forms, which separates on the fifth to the tenth day. It is not in any way painful, and the results, remote as well as immediate, are excellent."

CRUM TO STAY IN OFFICE.

President Roosevelt Directs His Reappointment.

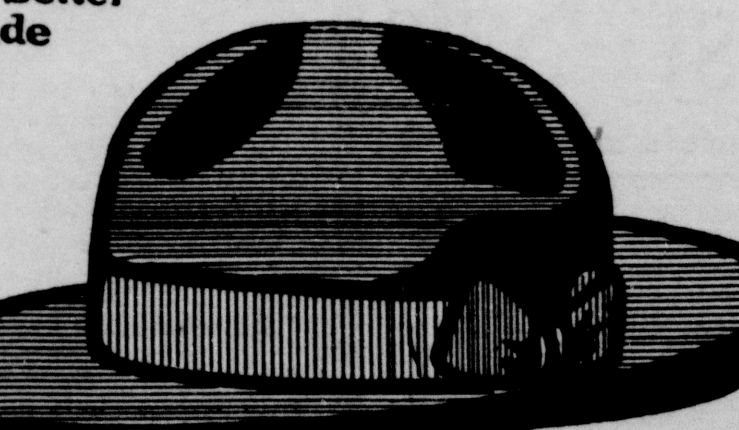

Washington, April 29.—President Roosevelt Thursday directed the reappointment of W. D. Crum as collector of customs at Charleston, S. C. The president has received assurance that the senate will take up Crum's case immediately on reconvening next session and that it will be disposed of finally. Until he is confirmed Crum cannot draw any salary, but it is said that his friends have arranged to see that he is provided with ample funds. Should he be confirmed, the government, of course, will pay him the back salary.

Senator Allison has announced that the Crum case will be pressed to a conclusion regardless of other business.

A Powerful Auto Boat.

There is being constructed in Italy an automobile boat with three engines of sixty horsepower each, driving the boat through one shaft. This launch is expected to generate 200 horsepower. It is designed for use in the great regatta at Monte Carlo, after which it will be shipped to America, in all probability for use in the racing here.
